

HoverMat™

Portable Acoustic Barrier

The new **HoverMat™** is a sturdy, slip-resistant drummers' mat that improves acoustical isolation and clarifies your drum's tone. Fabricated with industry-leading **Auralex® SheetBlok™** Sound Barrier, the **HoverMat™** allows for high-performance decoupling from hollow stages and floors, optimizing the sound of your drums by minimizing resonance from the surface on which the kit is resting.

Purify your tone instantly! The result is a tighter, more focused and pure drum sound night-in and night-out. The **HoverMat™** can be rolled up after any performance or session, and the included heavy-duty cinch sack makes transport a breeze. Throw out that nasty old rug and set your drums up on the **HoverMat™**. You — and your soundman — will be very glad you did!

Features and Highlights:

- ♦ 6' width x 4' depth; ¼" thickness
- ♦ Auralex's Drum Mat provides Acoustical Isolation
